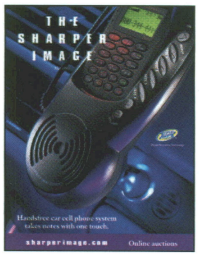
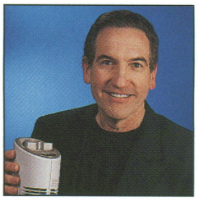
# sharperimage.com



Dear Sharper Image Customer,

This month, you can take advantage of one of our best value offers ever: When you order our top-selling **Ionic Breeze® *Quadra*™ Silent Air Purifier** (p. 4) at regular price, you can purchase a second *Quadra*™ for half-price — only $164.98!



Enjoy 50% savings on a *Quadra*™ that, compared to air filters with power fans, can save you up to $300 per year in replacement filters and electricity! Because it's silent, *Quadra*™ is the best air cleaner for every room in your home — where you sleep; where you eat; where you listen to music; where you enjoy videos; where your kids sleep…everywhere.

Another exciting, innovative item is the **Car Cell Phone System** (opposite). Its sound quality is a significant improvement over other handsfree systems on the market. Plus, Hear-It-Again™ digital recording technology means that whenever you hear something you need to note, just press a button to capture the prior 20 seconds of any call or message.

Have you registered at our Web site? It's free and makes ordering fast and easy. As an incentive, you'll save 15% off your first order as a new registrant.

Enjoy your shopping!

*Richard*

## Turn your cell phone into a handsfree car speakerphone — and capture what you just heard with Hear-It-Again™ recorder!

Our advanced Car Cell Phone System plugs into your dash and turns your cell phone into a superior quality handsfree car speakerphone. Best of all, it features exclusive, patented Hear-It-Again™ digital recording technology so you can instantly "capture the past" and store the prior 20 seconds of any conversation or message — at any point! — just by pressing a button.

Imagine how convenient when calling in for messages — long messages with important phone numbers blurted out at the end! With Hear-It-Again memory, you'll never have to listen to that long-winded voicemail more than once. Instead, record whatever is worth saving and move on. During live phone conversations, same thing — if you hear a street or email address you need to note, simply press a button to capture the last 20 seconds; then press play to "Hear-It-Again" at anytime. Drivers shouldn't have to make pen-and-paper notes!

Like a cockpit recorder, our Car Cell Phone System continuously records in a 20-second loop; push one of four Hear-It-Again buttons and the current loop is flash-stored in digital memory. Four Hear-It-Again buttons make four distinct memos; a fifth button is a conventional but convenient forward recorder, for making a 30-second note to yourself. All memos are permanent until erased or recorded over.

The Car Cell Phone System's built-in 2¼-inch speaker and adjustable boom microphone offer superior sound clarity. When not in use, the system continuously and automatically charges your cell phone's battery. Also works with the Sharper Image Handsfree Celluar Headset (SU001, $24.95). *Please specify one of two system models: for any Nokia model starting with 51 or 61, or for Motorola StarTAC.* One-year warranty. Created by Sharper Image Design.

# Ionic Breeze® *Quadra*™ air purifier isn't quiet. It's *silent!* Cleans and circulates air *electronically*...without a noisy fan!

*By Richard Thalheimer*

Why trade air pollution for noise pollution? Sharper Image Design's exclusive Ionic Breeze® silent air purifier offers an array of compelling features that has made it our most popular product — silent operation; efficient air cleaning and odor reduction; no replacement filters; ultra-low energy consumption; and lightweight housing with an attractive, discreet profile.

### Silence.

I've owned a lot of air filters over the years. Unfortunately, the best ones were the loudest — with larger motors to drive bigger fans. For anyone needing an air filter in the bedroom — well, noise is the most common complaint. Even so-called "quiet" models generate sleep-disturbing decibels...not to mention how a noisy fan can disrupt one's enjoyment of music, TV, videos, a pleasant conversation or basic peace and quiet.

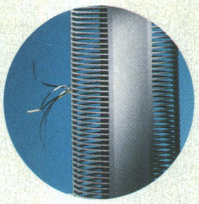
Ionic Breeze, in contrast, has no motor. No fan. Yet it actually circulates air — the essential first step in filtering the air in a room of any size. Exclusive, patented Zenion Effect® solid-state technology actually propels air *electronically* — with no moving parts...and absolutely no noise!

### Clean, fresh air.

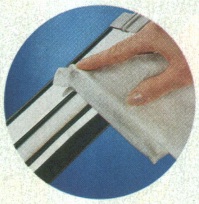
Inside the sleek housing, electrostatically charged stainless-steel collection array traps small airborne particulates: dust, pollen, pet dander and tobacco smoke. Because it's silent, there's no problem running it 24 hours, day and night. What's more, it helps reduce unpleasant odors by generating safe levels of ozone. I'm very impressed by its ability to reduce common odors in my home and make the air smell fresh and clean — without any fragrances or sprays.

### No filters to replace, ever!

The hidden cost of typical air cleaners? Replacement filters! You can easily spend up to $150 per year on them. Paper filters, carbon filters: I hate the hassle of changing those messy, unhealthy things. With Ionic Breeze, there are no filters to replace, ever. Instead, just slide out the collection array and wipe it off with a damp paper towel.

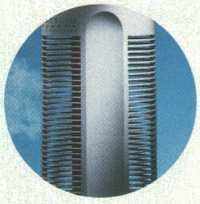


*It moves air using a patented system that works with no motor, no fan — no noise.*



*Slide the rods out and rinse or wipe clean. Simply reinsert when completely dry.*

*Easy-access controls let you choose low, medium or high levels of cleaning.*



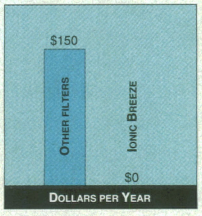
*Smoke-filled air circulates into the Ionic Breeze® and emerges cleaner and fresher.*

### Energy savings, too.

A typical fan-driven air cleaner is powered by up to 250 watts (that's what a fan motor demands). But Ionic Breeze is powered by less than 20 watts! This could mean a 90% smaller electric bill for clean air, and potential savings of up to $150 per year.

### Absolutely delightful.

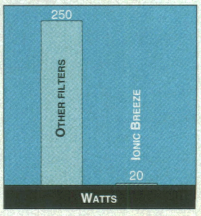
Of all the products we've ever made, Ionic Breeze delights me the most: It's an air filter of outstanding quality and efficiency. It reduces odors. It requires next-to-no maintenance. It's *silent!* And it looks great — a nicely designed sculptural unit that fits attractively but unobtrusively in any environment — even adining room. Simple, easy-access controls let you select three levels of cleaning.



*Replacement filters for typical room air cleaners can easily cost $150 per year.*

### Practically FREE!

For a fan-driven air cleaner, you could easily pay up to $400 retail, plus an additional $300 per year for filters and power. With Ionic Breeze, that means a savings of more than $1,500 in five years. Ionic Breeze air purifier is priced under $330 and has next-to-no additional costs. It's practically FREE! You have my personal assurance that you, too, will be delighted with this air purifier. We offer a one-year warranty and, as always, our 60-day money-back guarantee. It stands about 2 feet, 3 inches tall, with an 8-inch diameter base, and weighs about 5½ lbs. Plugs into grounded outlet. Offered in two colors: *Select pale gray or black satin finish.* Created by Sharper Image Design.



*Air filters with motorized fans require about 250 watts. Ionic Breeze requires less than 20 watts.*

## New folding electric scooter zips along at 12 mph!

Portable, convenient and ultra-cool, this scooter packs a lot of kick. Stand-up electric scooter sports a sturdy steel frame and features a rubber-coated platform deck to minimize slipping. The 7.87-inch rubber wheels allow you to glide through the city with ease. A start-up switch and hand brake are easily accessible when gripping the foam-protected handlebar. With speeds of up to 12 mph (depending on rider weight and terrain), it gets you where you need to go in no time. Steering column adjusts from 32 to 43 inches and can be folded to comfortably stow the scooter in cars, buses or trains. Weighing 36 lbs., the conveniently compact scooter can be rolled or carried where it can't be ridden. This speedy form of transport is powered by a 12v 20AH rechargeable battery. Includes charger. (Allow 24 hours for first charge; 10 hours for subsequent charges.) Runs for approximately 90 minutes after it's fully charged. Measures 40" x 11" x 43" upright and 40" x 11" x 11" when folded. Accommodates riders up to 220 lbs. 90-day warranty. *Please add $15 to the regular delivery charge.*

*Start-up switch and hand brake are within easy reach.*

*Rubber-coated platform for non-slip grip.*

## Motorized lighted storage rack rotates 100 CDs for quick, easy selection.

Anyone with a sizeable CD collection knows that hunting down a favorite album can be a challenge. To make life easier, we've designed this ingenious motorized CD rack with built-in lamp. With the turn of a switch, it allows you to view 100 CD jewel boxes in seconds.

No more searching to within inches of the floor; no more struggling to read those skinny edges, all crammed together. With Power Tower™, the CDs come to you on a motorized track and fan past your eyes — quickly displaying the front, back and edge of the cases at a comfortable, back-saving height. A built-in lamp illuminates the jewel boxes for easier viewing in low-light conditions.

Turn the switch left or right to rotate 360° forward or back. Uses 6 D batteries (order separately). Stands 3' 4" tall and can be plugged in using an optional AC Adapter (SM902, $9.95). Occupies about a square foot. One-year warranty. Created by Sharper Image Design.

## Travel and bedside CD stereo features Sound Soother® with 20 relaxing sound environments, digital AM/FM scan tuner with 20 presets, *talking* time and weather trend, and much more.

When selecting sounds to relax, work, sleep or wake by — at home or away — you can't beat the amazing versatility of Sharper Image Design's CD stereo. This beautifully compact package has excellent quality built-in dual stereo speakers. The Sound Soother® offers 20 digitally recorded natural soundscapes — from "Aviary" to "Roadside"; from "Summer Night" to "Steam Train." The AM/FM stereo radio (with TV band) features precise digital tuning, with quick auto scan and 20 presets.

Hear all 20
click on
sharperimage.com

This deluxe beside companion talks, too! Simply press "Report" to hear a pleasant voice announce the time (no need to squint) and weather trend (improving, steady or worsening). Fall asleep to any of the 20 soothing sounds; then wake up to the CD track of your choice! You also can wake up to a buzzer, the radio or a 10-step ramp-up alarm sound of Church Bells.

Sleep Mode timer can be set for 15, 30, 45 or 60 minutes. During the last five minutes, the volume gradually ramps down to silence…avoiding abrupt cessation of the sounds that gently put you to sleep. The easy-to-read backlit LCD screen shows 12/24 time; month, day, year; room temperature in °F or °C; and barometric weather trend.

*Black and titanium finishes.*

Handsome hinged case folds closed while leaving music controls and speakers uncovered. CD play is programmable. Comes with stereo earbuds. Measures 9" x 6" x 2" and weighs just 32 oz. A soft black vinyl travel pouch is available (SM886, $9.95). Runs on 6 AA batteries (order separately) or an optional adapter (SM919, $9.95). One-year warranty. *Select titanium, black or translucent graphite.* Created by Sharper Image Design.

## Radio-controlled propeller boat zooms across the water's surface!

With its trim underwater profile, this zippy airboat needs only a couple of inches of calm water to provide hours of high-speed fun. Its rudder and powerful propeller van are housed above the surface, making even shallow pools and ponds fair game. Hydra Flite races along at speeds up to three feet per second. The rudder directs airflow from the boat's propeller fan for steering it left and right, forward and backward. Control the action from up to 50 feet away with the wireless remote. Adjustable fins keep you on course. Made of safe, durable, crash-resistant materials, Hydra Flite survives collisions and unexpected flips or trips to shore. Measures 20" x 8" x 9½" and weighs 2 lbs. Comes fully assembled with all needed batteries (10 AA for the airboat; 9v for the remote). Recommended for ages 8 and older. 90-day warranty.

*Remote control.*

*Rudder and prop.*

Hydra Flite Radio-Controlled Airboat

ZX602 **$79.95**

## Radio-controlled prop plane soars like a glider.

Start the motor-driven propeller and launch the Fire Flite by hand — no runway needed. Use the working wing flaps to send the plane into death-defying circles and spirals, dives and spins. With new Digitally Proportional Speed Control, pilots can adjust the airspeed for more complicated maneuvers. Or you can turn the motor off and let it ride the thermals. If the plane flies out of the transmitter's 500-foot range, the auto-glide guides it safely to the ground. If the plane's batteries are low, the motor will automatically cut off; the rudder remains operable for at least 15 additional minutes to help you steer it to a landing. Ultra-tough carbon-fiber material and plastic construction are extremely durable. Measures 29" from wing to wing and 23" long; weighs just 8 oz. Runs on included 4.8v rechargeable battery (comes with charger). Transmitter uses 8 AA batteries (order separately). Extra battery pack (ZX601, $14.95). Extra wings and tail (ZX603, $19.95). 90-day warranty.

*Air pump retracts into the ball.*

## New Spalding® Infusion™ Basketball has a built-in pump!

When you need to inflate your b-ball, who needs the hassle of searching for an elusive pump and fragile old needle? With the innovative Spalding® Infusion™ Basketball, a tiny Micro Pump™ is built right in. Just pull out the unobtrusive valve, then pump the little plunger in and out until the ball is properly inflated. Pop the thing back in and you're ready to play! The pump is barely visible, cannot be felt during play and has no affect on the ball's bounce and feel.

Endorsed by L.A. Laker star Kobe Bryant, this is a high-quality, regulation basketball — suitable for spirited play, indoors and out...and always ready to go. Two-year limited warranty.

**Spalding® Infusion™ Basketball with Built-in Pump**

## Electric motorcycle makes any kid feel the freedom of the open road.

This cult-classic inspired motor bike is realistic in every detail, from its raised handlebars and instrument panel to its star-spangled teardrop "gas tank" and noisy "engine." The rechargeable battery-powered motor reaches speeds of about 3 miles per hour — with a reliable foot brake to ensure safe stops. Like its grown-up counterpart, The Rider makes throaty engine sounds and has twin side mirrors, studded saddlebags, a working headlight and an attention-grabbing horn. The unobtrusive pair of training wheels can be easily removed as kids gain hog-ridin' skills.

*Realistic instruments.*

*Star-spangled "gas tank."*

This sturdy bike is crafted of durable ABS plastic on a steel frame. Operating up to 1½ hours on a single charge, it comes with a charger, and we include *two* battery packs (worth $70 each) so play-plans are never thwarted by a dead battery. Requires 24-hour initial charge; 10 hours thereafter. Accommodates wannabe Wild Ones up to 90 lbs. Measures 48" x 24" x 34" high and weighs 40 lbs. 90-day warranty. *Please add $15 to the regular delivery charge.*

TS155 **$369.95**

# High-performance Xootr® scooters are state-of-the-art...and super fast!

Xootr® (pronounced "zooter") was created by the award-winning industrial designers of Lunar Design, Palo Alto, Calif., who teamed with a group of high-performance vehicle engineers better known for making race cars! Xootr's® big 7.1-inch (180 mm) die-cast aluminum wheels ride swiftly and smoothly on nearly frictionless bearings to make this the fastest two-wheeled vehicle of its kind.

Xootr folds in seconds to go and stow just about anywhere — onto subways and trains, and into classrooms and offices. Carry in our optional scooter bag (SR811, $24.95). The handlebars adjust from 25 to 38 inches high; they're made of TIG-welded steel with black conformal foam grips. The front-wheel brake features a BMX-style handlebar lever. Wheelbase measures 28.3" and the deployed length is 35.4". When folded, Xootr is 31.1" long x 9.4" high x 12.6" wide. The decks — aluminum or wood — are 24" long and 7.9" at their widest point. Capacity is 250 lbs. Wear helmet and pads for safety. 90-day warranty.

Xootr® "Street" Scooter

Metal deck is precision CNC machined from a solid block of premier 6061-T6 aluminum. Ultra-low-rolling-resistance polyurethane tires are molded to the wheel rims. Weighs 10.9 lbs.

XO500 **$389.95**

Xootr® "Cruz" Scooter

Wood deck is crafted of 9-ply Baltic birch with a polyurethane clear coat. Weighs 10.5 lbs.

XO501 **$269.95**

*Wheel.e™*

## Ground Effects™ Running Lights

Install this strip of 8 red LED lights to the underside of your Razor in seconds, then turn heads as you leave a bright, glowing streak of red illumination in your scooter's wake. Set to blink or to shine steadily. Runs on 3 AAA batteries (included).

ST410 **$14.95**

*FREE with the purchase of Xtreme™ or Wheel.e™ Razors While supplies last.*

"It's 2:05 p.m.; the weather is improving."

*Intruder alert helps you sleep soundly.*

## Travel with an alarm clock, weather trend indicator, smoke detector, motion sensor and bedside flashlight — all in one.

Feel safer in any hotel room anywhere in the world. Our *Talking* Travel Companion® separates into two multifunctional devices: The first is a combination flashlight, barometric weather trend indicator and alarm clock. Press a button and a pleasant voice announces the time and weather trend — improving, steady or worsening. Its flip-up LCD screen shows 12/24 time, room temperature in °F or °C, calendar and barometric weather trend. The four-step alarm wakes you gradually with the sound of church bells. The "super-snooze" feature allows you to add 10, 20 or 30 additional minutes of sleep.

Hear it talk
click on
sharperimage.com

The second device is a combination motion sensor/smoke detector. Hang it from a door, a window, a piece of luggage — anything you don't want moved — and if disturbed, it sounds a loud 110-decibel alarm; if it detects smoke, a separate 110-decibel alarm will alert you. When the two halves are snapped together for travel, it measures 7¼" x 2¾" x 1¼" and weighs 10 oz. Runs on one 9v and 4 AAA batteries (order separately). One-year warranty. Created by Sharper Image Design.

## Ionic Breeze® auto air purifier and ionizer cleans and freshens the air inside your car.

Your car can be among the most polluted environments — a place where you and your passengers can spend hours breathing irritating, fatiguing air filled with smog, exhaust, pollen, dust, and other contaminants. Now, for the first time, you can enjoy cleaner, fresher air inside your car with power of Ionic Breeze®. Our sleek device helps clear the air of airborne particulates. Reduces odors from pets, smoking and other sources with safe amounts of freshening ozone. Cleaner, fresher air is silently circulated with Zenion Effect™ electronic propulsion and, within minutes, you'll feel more comfortable.

Ionic Breeze® Car Air Purifier rests in a pivoting base that secures easily to the dashboard or windshield. Simply plug it into the car's lighter socket or insert 4 AA batteries (order separately). When the car is parked and the device off, twin blinking red LEDs simulate a car alarm to discourage thieves. Measures 4½" x 3¼" x 1½" and weighs 4 oz. One-year warranty. Created by Sharper Image Design.

## Advanced TalkAbout® two-way radio with altimeter, barometer and digital compass.

Motorola's® TalkAbout® two-way radios allow clear, static-free communication up to two miles away. Select from 14 channels, using 38 different codes, for a total of 532 distinct channel configurations. Incoming messages are signaled by one of 10 audible alerts or vibration. Advanced T6320 TalkAbout has a 10-channel weather radio, an altimeter, a barometer and a digital compass. Also has a digital alarm clock and a stopwatch with lap timer. Comes with rechargeable NiMH battery (charger included). Also runs on 3 AA batteries (order separately) using the optional battery tray (MT710, $15.95). For totally handsfree operation, go into the voice-activated mode. 7" long (plus antenna); weighs only 6 oz. (with battery). One-year warranty.

Motorola® Talkabout® T6320
with Weather, Altimeter, Clock and Compass
MT725 **$169.95** (each)

Motorola® T289 TalkAbout Radio.

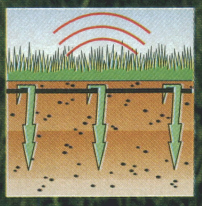
This affordable two-way radio is essentially the same as Motorola's T6320 TalkAbout, but without the "outdoor" enhancements of weather, altimeter, clock or compass.

MT720 **$129.95** (each)

# Too busy to waste weekends mowing?
# Let the newest Robotic Lawnmower do it for you!

No time to mow the lawn? This lawn-mowing robot will work quietly on its own, without worry or supervision. The cordless, rechargeable, electric RL500 Robotic Lawnmower will mow your lawn, cutting a deft edge around the driveway, the flowerbed — even the birdbath in the center of the yard. Just lay the sensor wire around the outer edge of your lawn, connect the wire to the perimeter switch, select one of six height settings, and push the "on" button. That's all. The RL500's acute sensors will guide the lawnmower around your yard, changing direction as it encounters obstacles or perimeter wires — navigating almost any lawn size or shape up to 5,000 square feet.

*Converts to remote control operation.*



*Sensor wire controls mowing perimeters.*

Powered by rechargeable batteries, the whisper-quiet motor lets you mow day or night without disturbing your neighbors...even without disturbing your own sleep! The three-blade mulching system returns valuable nutrients to your lawn. If you like mowing as exercise, you still can — the Robotic Lawnmower easily converts to manual operation using its wired remote control.

The RL500 measures 35" x 26" x 12½" and weighs 50 lbs. Runs on a 12-volt battery pack (included) and 3 C batteries (order separately). Included are cutting blades, extra battery pack, external battery pack charger, pegs, 100 meters of perimeter wire and an extra perimeter switch. 27-month warranty for main unit; one-year warranty for battery and cutting blades.

## Realistic "Human Touch" massage recliner feels like the hands of a professional masseuse.

Surrender to this supremely comfortable recliner and enjoy its realistic "Human Touch" massage. Hidden inside, robotic "arms and wrists" with firm, rubber-cushioned nodes ("thumbs, fingers and hands") move in, out, up and down. Patent-pending Human Touch Technology (HTT™) — with rolling, kneading, percussion and exclusive compression Robotic Massage™ — feels like the hands of a skilled professional. What's more, it's the technology preferred by the prestigious American College of Chiropractic Orthopedists.

Select from two pre-programmed sessions: one lasts five minutes; the other, 15. Each is designed to relax tense spinal muscles, ease back pain and improve mobility. Just lie back and enjoy, in sequence, three full up-and-down courses of back massage in varying speeds. First slow rolling, then deep kneading, then compression (alternating strokes and pressure along spinal muscles); then percussion at two points; kneading and a final course of compression. Alternatively, use the wired remote to select one of three massage modes, either focused or up and down.

Features supple upholstery and deep foam cushions. Press the power recline button and stretch out with your legs on the built-in footrest. Padded armrests with wood accents and a cushioned headrest add to your overall comfort.

Chair swivels 30° and reclines up to 150°. Steel frame and base are designed for years of use, yet weigh only 77 lbs. Measures 25½" wide x 30" high x 35" deep (upright); 26" high and 46" deep (fully reclined). Plugs into grounded outlet. Fifteen-minute auto shut-off. One-year parts, 90-day labor warranties.

*Monthly Special: FREE curbside shipping. Or pay $124.95 for Royal Service, which includes by-appointment delivery, set-up and removal of materials. Comes with a 30-day return privilege.*

# Escape to your choice of 20 different soothing sound environments.

Familiar sounds evoke comforting memories. Exotic sounds transport you to a dreamy tropical isle. All kinds of soothing sounds leave you feeling relaxed, clear-headed, rejuvenated. In contrast, "noise" interrupts concentration, disrupts relaxation and ruins sleep. For all these reasons — and to accommodate the myriad differences in individuals' preferences — we created our most complete Sound Soother® ever...Sharper Image Design's beautiful Sound Soother *20*. It features 20 all-digital recordings of innovative soundscapes like "Wind Chimes," "Foghorns," "Roadside," plus authentic natural sound environments like "Everglades," "Oceanside" and "Rainforest"...projected with amazing fidelity through a high-quality omni-directional speaker.

Woody Allen-types may find the crickets of "Summer Night" harrowing but the drone of taxis on "City" streets comforting. Or a Nebraska farmer might dream along with "Dockside" sounds but wouldn't want to hear one more "Thunderstorm." Babies coo to "Heartbeat." Couples snuggle to a crackling "Fireside." Make your choice to mask out traffic noises, barking dogs, a snoring partner, a neighbor's stereo — and escape the noisy, hectic world.

*Eggshell with faux wood top.*

*Platinum finish.*

The graceful design and beautifully simple controls are the first step toward creating a serene personal environment. Memory retains your last-selected sound upon start-up. The 60-minute sleep-timer, during the final five minutes, gently ramps down to total silence.

Features rotary volume-control and headphone jack. Measures 8" high and 6" across. Runs on 6 AA batteries (order separately), or plugs in using optional AC adapter (SM902, $9.95). One-year warranty. *Select platinum, platinum with Burltech™ top or eggshell with simulated light wood top.* Created by Sharper Image Design.

## Shaving in the shower is easy with our patented fog-free mirrors.

It's *easier* to shave in the shower — and easier on your skin, too! Shaving is faster, closer — with much less skin irritation. Unfortunately, ordinary mirrors fog up in the shower, but these patented mirrors stay fog free by directing warm shower spray against their reverse sides to reduce condensation.

Our Original model has a 5-inch mirror of unbreakable acrylic, with a white plastic frame and armature. Our Deluxe model features two 7-inch glass mirrors bound to a thermal copper plate — one side has 3x magnification; its frame and armature are made of chrome-plated brass. Both have 8-inch armatures and install easily to any shower head.

**Deluxe 3x Fog-Free Shower Mirror**
SE390 **$99.95**

**Original Fog-Free Shower Mirror**
SE370 **$39.95**

## World's most powerful linear electric shaver.

Panasonic's best wet/dry linear shaver delivers an unsurpassed 13,000 strokes per minute for faster shaving, greater smoothness and less vibration. Triple 3-D independently floating heads glide gently over your facial contours, helping to avoid irritation. For a much closer cut, the outer edge is angled a sharper 45° and the ultra-hard stainless foil is thinner. Twin-gate slit blades introduce 156% more hairs than earlier models. A pop-up trimmer touches up your sideburns, mustache or beard.

Panasonic's durable, lightweight metal body is fully immersible — use wet or dry, with or without foam. Recharges automatically in the included stand with the latest induction-charging system. LED meter shows battery status. Converts automatically to international voltage. Comes with a soft case. One-year warranty. Handsome blue finish is a Sharper Image exclusive.

**Panasonic® Linear Float Shaver**
PA820 **$249.95**

## Turn your favorite blade razor into an 8,000 strokes-per-minute electric shaver.

Dynablade® TurboGrip® combines the best of both shaving worlds — the *speed* of an electric with the *closeness* of a blade. Simply insert the handle of a single-, double- or triple-blade razor into the holder. Its built-in motor generates 8,000 micro-shaving strokes per minute to help the blades glide through even the toughest beard. The ergonomic, non-slip housing is waterproof, so you can shave in the shower! Works great for women, too, quickly shaving legs with less irritation. LED "headlamp" ensures nothing is missed. Mounts to wall with magnetized suction cup. Works with virtually all popular safety razors (except disposables). Comes with vinyl storage case. Measures 2⅓" x 5¼" x 11¼" and weighs just 3 oz. Runs on 2 AA batteries (order separately). One-year warranty. *Available in gray or teal finish.* Created by Sharper Image Design.

## World's first stereo CD player for your shower!

For everyone who loves to sing in the shower...imagine! You can soap to the Stones...shampoo to Sinatra...and rinse to your favorite rock, pop, country, musical, symphony, rap or opera.

CD Shower Companion™ is the first water-resistant CD player for use in the shower — with stereo sound from quality dual speakers. Just open the vertical compartment and place a CD inside. It will stay safe and dry behind the water-resistant sliding door — and you'll enjoy your CDs as never before. Ideal for relaxing baths, too.

The AM/FM stereo radio features precise digital tuning, 10 station presets, and can play broadcast TV audio on VHF. When you're traveling, it'll tune in European radio. Includes detachable wire antenna to optimize reception.

*Countertop stand holds it upright.*

*Cobalt Blue*

Take this portable stereo everywhere — from shower to sink to kitchen to workroom...anywhere you'd enjoy CDs or a radio/alarm clock. Comes with a countertop stand that holds it upright, plus hanging hooks and a wall-mount bracket.

Button controls are easy to use, even with wet, soapy fingers. The LCD screen illuminates briefly with a touch and shows 12/24-hour time in two zones; alarm clock setting; radio station; and battery strength. A smaller screen displays CD track and counter. CD play is fully programmable.

Runs on 4 C batteries (order separately) or an optional AC adapter (SM917, $9.95) for use outside the shower. Jack for optional headphones. Measures 10½" x 6½" x 2". Weighs 28 oz. One-year warranty. *Select pale gray, cobalt blue or translucent graphite.* Created by Sharper Image Design.

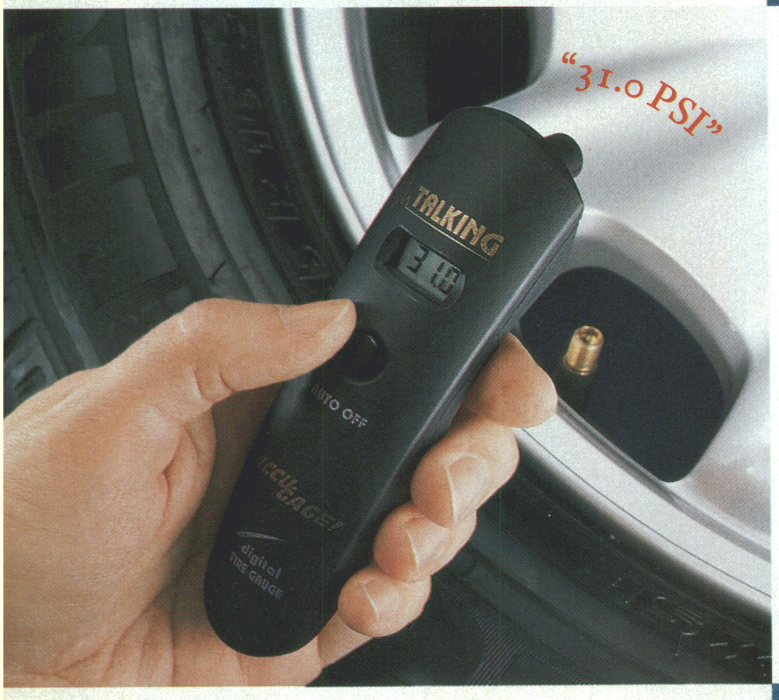
## Digital alcohol breath tester lets you know who's had enough.

Find your blood alcohol content (BAC) in seconds simply by blowing into the Digital Alcohol Breath Tester. Easy to use and completely non-invasive, it displays your BAC within a range of .000% to .200% The LCD screen lights for easy reading at night and warns you with beeps and an on-screen alert when your BAC surpasses .050%. Measures a compact 4¾" x 2½" x 1¼". Runs on one 9v battery (included). Comes with two plastic mouthpieces. (Set of 20 mouthpieces, BT301, $13.95.) 90-day warranty. Caution: The impairment effects from a specific alcohol level can vary from driver to driver. Never drink and drive.

**Digital Alcohol Breath Tester**
BT300 **$99.95**



## *Talking* tire gauge works the best when conditions are the worst!

Recent experience has taught the driving public how critical properly inflated tires are to safe motoring. Our new *Talking* Digital Tire Gauge makes it quicker and easier than ever to accurately check the air pressure of your tires — even on the darkest road in the stormiest conditions.

To take this important safety and fuel-efficient step, simply insert the gauge into a tire's valve stem. Instantly, a digitized voice will clearly announce the tire pressure. The psi also is confirmed on an easy-to-read digital display. Measures from 2.0 to 99.5 lbs. psi for tires on all kinds of vehicles — cars, SUVs, trucks, motorcycles, even bicycles.

Runs on one 3v CR2032 battery (included), which is good for about 500 readings. Automatic shut-off preserves battery life. Measures 5" long. One-year warranty.

***Talking* Digital Tire Gauge**
AC250 **$29.95**

## Leather travel wallet.

Holds airline tickets, passport, itineraries — all you need in one convenient place. Large exterior and interior sleeves keep outsized tickets and papers within easy reach. A big zippered section, with zippered coin pocket, holds all your credit cards and several types of currency organized and separated. Additional slots and pockets for passport and cards; a mesh window for ID, a penholder and a wrist strap. Measures 5" x 9½" x 1¼". Black leather. One-year warranty.

## World's smallest radar/laser detector offers test-winning performance — without telltale cords.

The world's smallest radar detector provides super-reliable visual and audible early warnings of possible tickets-in-waiting. Patented Digital Signal Processing (DSP) allows 360° detection on all radar bands (X, K, SuperWide Ka.) and Photo Radar; plus front and rear incoming laser. On-board programmable computer lets you customize features like display brightness, dark mode (for discreet night driving), AutoMute, and City-mode's four levels of sensitivity. What's more, SafetyPilot™ alerts you to hazards in areas with Safety Radar service. Measures just 4½" x 3" x ¾". It's amazingly power efficient, too, and runs for months on 2 AA batteries (included). For backup, order the optional Power Cord (ES906, $29.95). One-year warranty.

Escort® Solo® Cordless
Radar/Laser Detector
ES905 **$199.95**

## All-in-one speaker/microphone earpiece for comfortable, discreet, handsfree cell phone use.

This unique device combines a speaker and microphone into one tiny earbud that's feather-light and incredibly comfortable. The super-sensitive microphone clearly picks up the sound of your voice from the vibration of your jawbone — there are no dangling pieces or jutting booms. You can talk naturally, discreetly and safely while driving — leaving both hands on the wheel to steer, shift and signal. Works with most cellular or cordless phones with 2.5 mm jacks, as well as Nokia and Motorola phones. Also handy for home and office. Comes with extra-long four-foot cord, clip and speaker pad. 90-day warranty.

Handsfree Cellular Headset
SU001 **$24.95**

*Plugs into cellular or cordless phones with 2.5 mm jacks.*

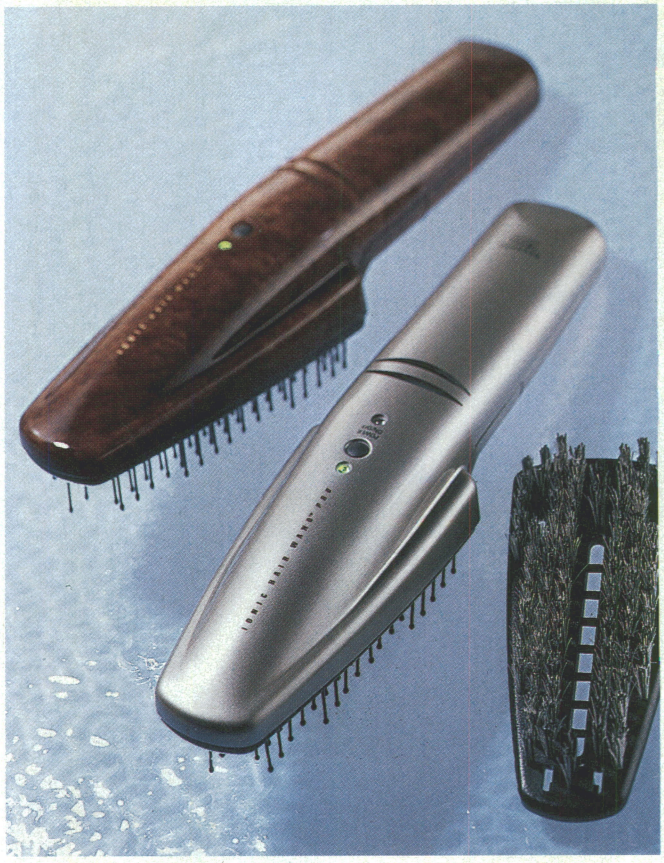
Order by phone **1-800-344-4444** 24 hours every day.

## New dual-voltage Ionic Conditioning™ *Travel* Hair Dryer folds for compact portability.

Enjoy all the benefits of Ionic Conditioning™ when you're on the road. Our new 1,875-watt dryer folds for compact storage and travel, and it converts from 110v to 220v for use in any country. Like our larger model, it leaves hair looking and feeling softer, smoother, shinier. Features two heat/speed settings and "Cold Shot" finishing touch. Comes with concentrator attachment and travel pouch. Measures 6" x 5" x 5" when folded and weighs just 15½ oz. One-year warranty. Created by Sharper Image Design.

INVENTED HERE.

Ionic Conditioning™ *Travel* Hair Dryer
SI557 **$39.95**



## Condition your hair just by brushing!

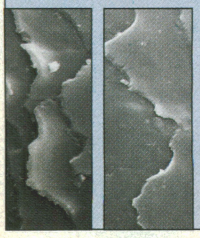
Ionic Hair Wand™ generates a stream of positive ions that smooth and tighten the cuticle's protective sheath, making your hair look healthier and much more vibrant. And natural ozone reduces odors, so your hair smells fresh as rain. Comes with two bristle blocks: one tufted; the other with slender bristles for detangling and styling. Powered by a rechargeable NiMH battery, and includes a plug-in charging stand. Platinum finish. One-year warranty. Created by Sharper Image Design.

INVENTED HERE.

Ionic Hair Wand™ Pro
Rechargeable Conditioning Hair Brush
SI542SIL **$49.95**

Ionic Hair Wand™ 2.0
Also available in a battery-powered model that runs on one 9v battery (order separately). *Select platinum or tortoise finish.*
SI642 **$39.95**

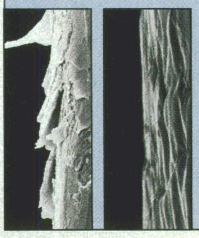
Actual hair shafts photographed at super-high magnification after the "half head" test of the Ionic Conditioning™ Hair Dryer.



Regular dryer: the hair's outer cuticle layer (at far left) has rough, raised edges that make hair appear flat and dull, and feel straw-like and dry.

Ionic Conditioning™ dryer: the hair (at near left) has a protective cuticle layer that is much tighter and smoother, making hair feel softer and appear more lustrous.

Actual hairs, photographed at 7,300x magnification, show the benefits of conditioning with the Ionic Hair Wand™.



Note the hair's protective cuticle layer (far left) is damaged — raised and broken in a way typical of the effects of physical, chemical and environmental stress. Hair was then brushed 30 times with Ionic Hair Wand™. Note the smoother, more protective cuticle surface (near left), which makes hair look healthier and more lustrous.

## Ionic Conditioning™ *Quiet* Hair Dryer leaves hair soft and smooth.

By generating ions during the drying cycle, our Ionic Conditioning™ *Quiet* Hair Dryer can make a big difference in how your hair looks and feels. In "half head" tests in a professional salon, participants were shampooed and rinsed; then one side was dried using a conventional hair dryer; the other with ours. The outcome? Near universal delight over the "way better results" of our Ionic Conditioning Hair Dryer. In the words of the participants, hair was consistently softer, fuller, silkier, shinier, smoother and healthier looking…with less frizz and fewer flyaway ends. What's more, participants reported ours worked much faster.

So-called "ion" hair dryers of competitors either have ineffectively low output or generate *negatively* charged ions, which have no apparent benefit. In contrast, ours uses a patent-pending technology that bathes hair shafts in millions of *positively* charged ions that condition hair by smoothing its protective cuticle layer, making hair look and feel soft, smooth, shiny.

Measures 8½" x 9" x 3¼" and weighs 14 oz. This 1,875-watt dryer is more powerful than our original model, but quieter. It has three heat/speed settings and a "Cold Shot" finishing touch. Comes with concentrator attachment. One-year warranty. Created by Sharper Image Design.

INVENTED HERE.

Ionic Conditioning™ *Quiet* Hair Dryer

## Tweeze away unwanted hair with the speed and comfort of an electric shaver. Never shave again!

Options for hair removal are painfully limited: Shaving is short term. Unpleasant depilatories often cause rashes. Waxing is irritating, messy, time consuming and expensive. A few years ago, Emjoi's® Gently Gold™ electric tweezer system changed all that — and this is their dramatically improved cordless version that's faster and even more comfortable. It has twice as many 24k gold-plated tweezing discs — 36 pairs that open and close 600 times per second to quickly remove hair by the roots, leaving skin silky smooth and stubble free for weeks! New technology minimizes discomfort by massaging your skin as hair is removed — replacing the tweezing sensation with a slight "caress."

*Gentle enough for bikini line, underarms, face.*

It's gentle enough for bikini line, underarms, face. Plus, a safety feature stops the tweezing if you press too hard. Best of all, there's no need to wait for unsightly stubble to appear before tweezing again: it removes extremely short hair (0.25mm) that's barely visible to the naked eye. Cordless and rechargeable. For a smooth finish, order a 4¼-oz. tube of After Epilation Cream (EJ303, $9.95). Comes with two NiCad rechargeable batteries and a travel bag. One-year warranty.

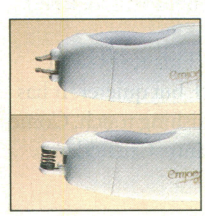
## Eliminate unwanted hair — without pain, without electrolysis.

No need to pluck; no need to shave; no need to endure painful, costly, time-consuming electrolysis. Instead, Emjoi's® revolutionary Beauty Forever™ is the safe, effective, non-invasive way to remove hair permanently — using harmless radio energy to destroy hair at the root.



*Treat one or several hairs.*

Select from three intensity levels of radio energy — the highest for coarser, thicker hair that competing models can't treat effectively. Only Beauty Forever gives you the choice of two interchangeable heads: for precise treatment of single hairs, use the 24k gold-plated tweezers with scored gripping surface; and for conveniently treating several hairs at a time, use the patent-pending Coil-Tweezer System.

Simply grasp the hair to be removed with the treatment head while pressing the button on the handle. After 20 seconds, the treatment is complete and the hair should slip out of its follicle easily — without tugging, plucking or pain. Some hair may grow back, but usually finer and less visible; and after 3-4 treatments, it should be gone forever. Measures 7" x 7" x 1½", weighs 1¼ lbs. Plug in anywhere. One-year warranty.

Emjoi® Beauty Forever™ Hair Remover
EJ302 **$59.95**

## Convenient ordering!
24 hours a day, 7 days a week.

**Phone: 1-800-344-4444** Friendly, helpful associates offer fast, personal service, gift ideas, in-stock status and more.

**Internet: sharperimage.com** Offers our largest selection of products and SSL-secure ordering. Order online with a few clicks! You always save $2 on every online order.

**Fax: 1-800-552-2525** Fill in and fax the order form with credit card information and your phone number.

**Mail:** Complete the order form and use the pre-addressed envelope. Be sure to include delivery charges and sales tax. Pay by check, money order, credit card, merchandise certificate or gift card.

**Payment:** We welcome VISA, MasterCard, Diner's Club, Discover/NOVUS and American Express cards.

**Questions?** Specially trained customer service representatives are available Monday to Friday from 9 a.m. to 9 p.m., Saturdays 11 a.m. to 7 p.m., Eastern Time. Call toll free at 1-800-344-5555.

## International orders.

Please call 1-650-344-4444 to place your order and to determine delivery charges. Or fax a completed order form to 1-415-445-1584. Include your phone and fax numbers and your email address.

## Delivery charges.

We quickly process orders in 1-2 days and shipments to continental U.S. locations usually arrive in 3-7 business days. Delivery charges for shipments to all 50 of the United States are shown on the reverse side of this page.

For an additional $6, we'll deliver most items to U.S.destinations via FedEx 2nd Day Air. For urgent delivery of in-stock items, you may opt for Next Day Air or Saturday Delivery; please call for the additional charges. Some heavy items have freight surcharges, which are shown in the product description. Items shipped directly from a supplier typically are delivered within 3-4 weeks. Items ordered together may not ship at the same time; your credit card will be billed only for what is shipped. Call for shipping options and delivery charges for destinations outside the U.S.A.

## Our guarantee.

We stand behind every product we sell. If you're not absolutely pleased with your purchase — for any reason — we'll be happy to make an exchange or refund the purchase price. Simply return the item to us within 60 days via insured parcel post or UPS to T.S.I., 6011 Scott Hamilton Rd., Little Rock, AR 72209. We ask that returned products be in like-new condition with original packaging and materials. (A few advanced-technology products, such as cameras, have a 30-day return privilege.)

## You always get the best price.

If you find one of our products in another store or catalog for a lower regular price, we'll match it. And up to 30 days after purchase, we'll refund any price difference. Our policy applies to the identical U.S.-warranted product, confirmed to be in stock at the time of the offer. Proof of the offer (such as an ad) is required. Does not apply to Internet or "sale" prices.

## Shop our stores and Web site, too!

Most products are available both in stores and by catalog. Our biggest selection is online at **sharperimage.com**. Products designated as *Catalog and Internet only* may actually be ordered — and paid for — at any of our more than 95 store locations.

## Gift cards.

Available in denominations of $25, $50, $100, and $200.

## Extended Service Protection.

Buy this special protection and, if your purchase is lost, stolen, or destroyed within three months of receipt, it will be replaced — free of charge! Plus, you can extend manufacturers' warranties up to five years. The cost varies with product value, and some restrictions apply. Call 1-800-344-4444 for details.

## Batteries not included? Order here!

*Each package of alkaline batteries is $3.95*

## Superior AM/FM stereo shower radio with digital scan tuning, 20 presets, alarm clock and memo recorder.

Our AM/FM Digital Shower Companion™ water-resistant stereo radio offers a rich audio world, with outstanding reception, as well as a switchable band for European radio. Features 20 presets — 10 on each band. Auto-scan eliminates dead air and annoying static. Built-in stereo speakers offer excellent sound.

Press a button to record a memo or message — up to 20 seconds in length. New messages trigger a flashing red light — making this a handy way to keep in touch. The LCD screen shows the 12/24-hour time. It's an alarm clock, too. To save batteries, select the one-hour auto shut-off. Designed to withstand shower spray (as well as rain), this robust 5" x 8" x 1¾" radio is also ideal for outdoor use. What's more, it's great as a bedside radio/alarm clock or a kitchen radio/message center. Includes a countertop stand, hooks for hanging, plus a wall-mount bracket. Runs on 4 C batteries (order separately). Outside the shower, plug in using an optional AC adapter (SM917, $9.95). One-year warranty. *Select pale gray, cobalt blue or translucent graphite finish.* Created by Sharper Image Design.

INVENTED HERE.

AM/FM Digital Shower Companion™

## Massaging Foot Care Station™ soothes, dries and freshens tired, moist, itchy feet.

Foot Care Station™ is Sharper Image Design's sophisticated new foot massager that uses our exclusive, patented Zenion Effect™ technology to silently circulate ion-rich air through openings under your toes. This cooling, drying "Ionic Breeze"® — combined with soothing massage — offers wonderful relief for hot, tired, aching feet that are burning up with moist itching. What's more, it bathes your feet in safe levels of odor-reducing ozone — a pleasant, natural freshening that everyone can appreciate.

Foot Care Station turns on automatically when you rest your feet on the ergonomic massage nodes. (A manual on/off switch lets you enjoy the freshening ion-rich breeze without massage.) Discreet, attractive low profile measures just 14" x 6¼" x 2¼" high, so it fits anywhere — even under an office desk. For portability, it runs on 4 D batteries (order separately); or plug it in using an optional AC adapter (SM917, $9.95). One-year warranty. Created by Sharper Image Design.

INVENTED HERE.

Foot Care Station™ Massager with Ionic Breeze® Freshening
SI638 **$69.95**

*Holder can be wall-mounted.*

## Keep blades sharper, longer.

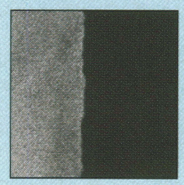
Inside the holder are three linearly sequenced, neodymium rare earth magnets, each of an unusually powerful 12,000-gauss rating. They are positioned in a carefully calculated configuration to envelop the blades in an intense magnetic field aligned with the linear construction of the blades. This process — called magnetostriction — aligns the edges by the power of the magnetic field along the longitudinal axis. Such strong magnetic action is believed to extend the life of blades and prolong the sharpness by a significant factor. Requires no liquids or power and the magnets are guaranteed to last a lifetime. Wall-mountable. One-year warranty. Created by Sharper Image Design.

INVENTED HERE.

RazorCare™ System
SI532 **$24.95**

*Razor blade edges, photographed at 5,000x magnification by SRI.*
*"The difference is dramatic!" — By Richard Thalheimer*

*WITH RazorCare™*



*After 30 shaves*

*W/OUT RazorCare™*

*After 30 shaves*

*"I shaved 30 consecutive times with each of the two blades shown here. One was stored in our RazorCare System; the other I stowed on my shower tray. I knew with RazorCare that shaving felt more comfortable over a longer period — but I'm amazed that the difference is so visible! Try it for yourself!"*

## Cordless, professional-quality clippers — with five hair-length guides.

*Keep your beard trimmed to the length you want.*

*Affordable way to stay neat between haircuts.*

Lightweight and cordless, Ultra Groomer™ professional-quality clippers feature innovative snap-on guides that allow you to precisely trim hair to one of four desired lengths — from 3 mm (1/8") to 12 mm (1/2"). Plus, for those with unmanageably thick thatches, there's a thinning guide that blends longer with shorter hair. Use the clippers without a guide to put a neat edge on your sideburns. Comes with a space-saving stand, AC adapter/recharger, cleaning brush and lubricating oil. Two double-sided hair-length guides are 3, 6, 9 and 12 mm deep. Features titanium-tone finish. One-year warranty.

Ultra Groomer™

## Turbo-Groomer® 2.0 — with two interchangeable rotary and clipper-style cutting heads — is the complete solution for unwanted nose and ear hair.

Sharper Image Design's upgraded Turbo-Groomer® 2.0 — with a more powerful motor — features two interchangeable cutting heads, with two kinds of blade configurations, to address all of your facial grooming needs in one handy, portable device.

The first cutting head has the original-style rotary blades that whirl 50% faster — 6,000 rpm — to safely remove unsightly hair from the nose and inside the ears. Comfortably trims hair to a close 1/16th of an inch, without touching sensitive skin.

*Clipper-style head for hair on the edges of the ear.*

The second cutting head is like a mini clipper — with a side-to-side action — and is designed for hair on the outer edges of the ear; it also deftly trims eyebrows, mustaches, beards and sideburns.

*Rotary blade head neatly trims nose hair. (Black finish.)*

Both sets of cutting blades are made of surgical stainless steel. Dual LED "headlamps" cast a bright light to ensure nothing is missed and that trimming is precise. Cleanup is easy: Just switch on and rinse the blades under running water after each use — no brushing or disassembly is needed. Comes with a space-saving stand for storing the device upright. Measures 7" long. Runs on 2 C batteries (order separately). A stack of five LED lights indicate battery strength. One-year warranty. Created by Sharper Image Design.

INVENTED HERE.

## Wear your favorite slacks more often — and look great!

Don't you love the look of crisp slacks — just back, freshly pressed, from the dry cleaners? Now you can forget the expense and inconvenience of constant trips to the cleaners. Instead, just plug in this English-made valet and push a button to give your pants a professional-style press — automatically — in just 30 minutes. A stretcher bar system eases fabric into shape, and controlled heat loosens stubborn wrinkles. The cost? About a penny a press! Black wood-grain stand with jacket hanger and coin tray is 42" tall x 15¼" x 13". Wall-mount hardware included. One-year warranty.

## Freshen clothes overnight.

The Ionic Closet Dry Cleaner™ hangs in your closet and circulates natural ozone to gently reduce lingering odors in all kinds of fabrics. It offers you the luxury of wearing fresh, clean-smelling clothes, all the time—without the expense, hassle or wear-and-tear of too-frequent professional cleaning. Select Low for regular conditions; choose High for stronger odors. It runs 24 hours a day for about six months on 6 D batteries, or plugs into an outlet with an optional AC adapter (SM901, $9.95). Measures 9" x 7" x 2½". Weighs 1¼ lbs. One-year warranty. Created by Sharper Image Design.

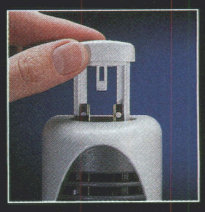
## The ideal air cleaner and odor reducer for bathrooms.

This ultra-compact electrostatic air purifier is perfect for bathrooms and myriad other small spaces where air is often filled with odors and irritants but where a room-size air filter is impractical. Ionic Breeze® Plug-In circulates safe amounts of natural ozone to reduce unpleasant odors — without any fragrances or sprays. Built-in plug keeps it flush against the wall and off the floor. Patented electronic propulsion silently circulates air past the electrostatically charged collection array to trap small airborne particulates. No need to replace any filters — simply slide out the array and wipe it clean with a damp cloth. Measures 8" x 2½" x 2" deep. One-year warranty. *Select two-tone gray or black satin finish.* Created by Sharper Image Design.



*Grid wipes clean with a damp cloth.*

*Night-light lasts forever. Gray finish.*

## Stand taller!

We designed these insoles to provide cushioning, cooling *and* to make you almost one inch taller. Right away, you'll feel a commanding difference. You'll also look and feel slimmer, as your weight seems to be distributed over a taller frame.

At the heart of these comfortable insoles is a tough but shock-absorbing polymer that helps cushion your spine and heels from the impact of walking. And the unique cooling system circulates air around channels molded into the insole and out through perforations in the top layer of soft, breathable leather.

*Men's full sizes 6-13. Please specify size. If you wear a half size, order the next larger size and trim to fit.* Created by Sharper Image Design.

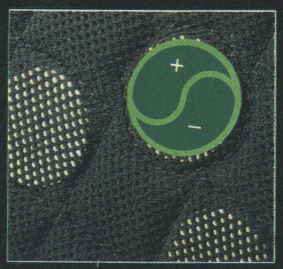
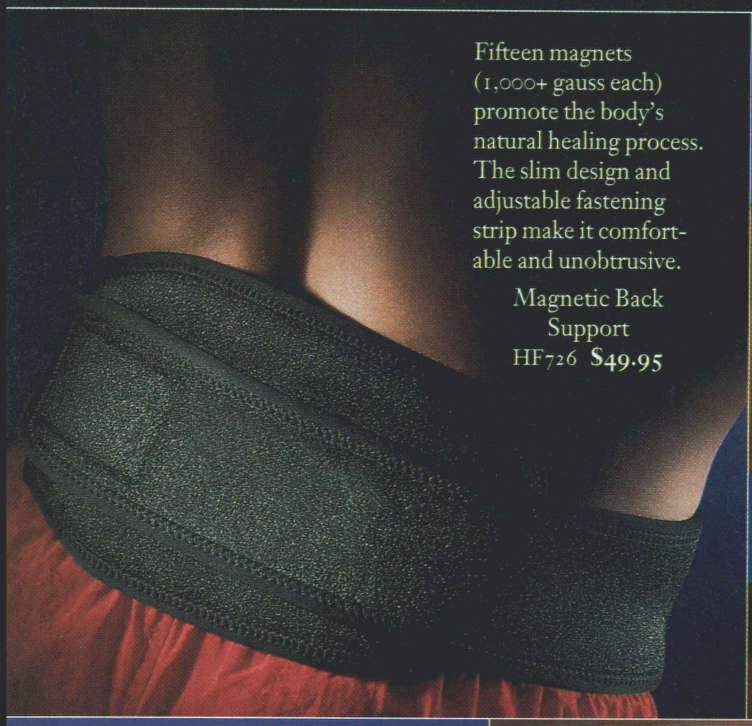
# Magnetic therapy helps your body deal naturally with pain and stiffness — without drugs.

More and more people are discovering the surprising benefits of safe, drug-free magnetic therapy for pain. For example, nearly all Senior PGA golfers wear magnets to help ease stiffness and increase flexibility. What's more, recent randomized, double-blind and peer-reviewed clinical trials have shown excellent outcomes — with "much less pain" reported by participants using active magnets versus inactive devices. How does magnetic therapy work? There are many theories on how it enhances the body's own natural healing processes, but essentially no one truly knows. Nonetheless, magnetic therapy is worth a try — encouraged by the results of clinical trials, case studies and the positive experiences of thousands of users.



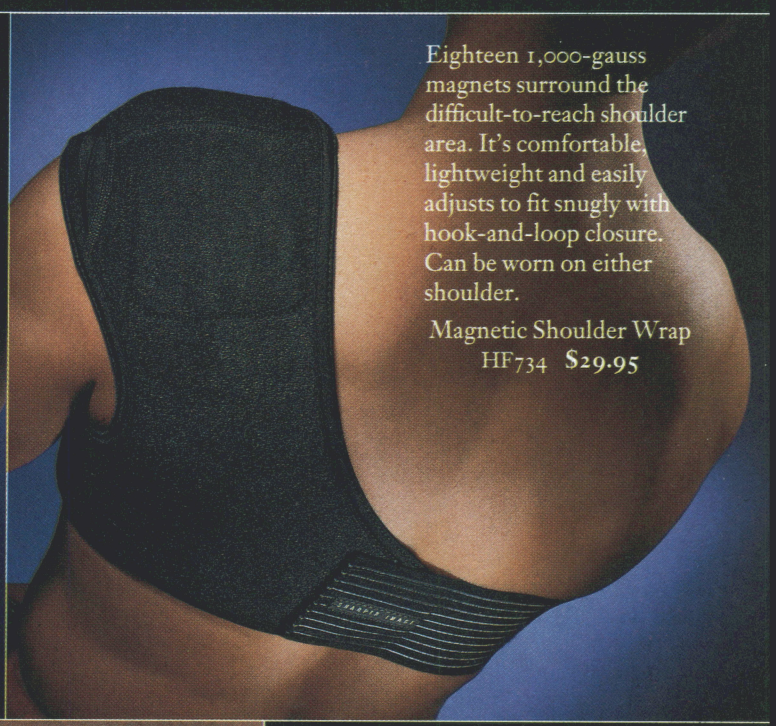
*Alternating bipolar wave-form magnets are believed to provide deeper penetration for enhanced pain relief.*

Our full line of flexible neoprene magnetic-therapy wraps are designed to conform to your body's contours — retaining body heat to help improve blood flow while providing lightweight, comfortable support. Embedded inside, powerful, strategically placed high-gauss Gold Standard bipolar waveform magnets offer wide coverage and deep penetration. Wear under or over clothing. Each comes with a 90-day warranty. *If you suffer from an injury or ailment, consult a physician for proper medical advice. These products should never be used as a replacement for professional medical treatment, by individuals using pacemakers, insulin pumps, transdermal drug delivery patches, or during pregnancy, or over an open wound.*



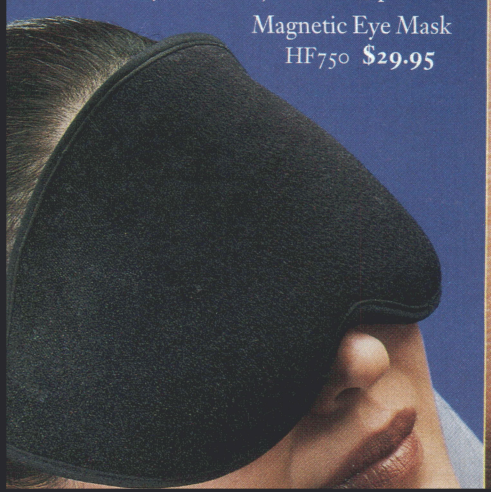
Fifteen magnets (1,000+ gauss each) promote the body's natural healing process. The slim design and adjustable fastening strip make it comfortable and unobtrusive.

Magnetic Back Support
HF726 **$49.95**



Eighteen 1,000-gauss magnets surround the difficult-to-reach shoulder area. It's comfortable, lightweight and easily adjusts to fit snugly with hook-and-loop closure. Can be worn on either shoulder.

Magnetic Shoulder Wrap
HF734 **$29.95**



Conforms to your face and blocks out distractions. It's lined with eight specially designed therapeutic 1,000-gauss neodymium magnets. Measures 10" x 4¾" with adjustable strap.

Magnetic Eye Mask
HF750 **$29.95**

These 1,000-gauss Spot Magnets can be applied anywhere to provide focused therapy. Can be worn under clothing or footwear for several days in a row; they're reusable with new adhesive. Includes 30 magnets, plus 100 additional adhesive patches.

Therapeutic Spot Magnets (30)
HF731 **$19.95**

Twelve magnets (1,000+ gauss each) in a neoprene wrap surround the kneecap for relief from aches and pains. Convenient hook-and-loop closures are easy to fasten and unfasten. One size fits most.

Magnetic Knee Support
HF724
**$39.95**

# Can't live without air conditioning? Now you can *wear* your own Personal Cooling System™ and be comfortable anywhere — even on the hottest days!

When it's blazingly hot, don't you dread leaving the air-conditioned comfort of your home? Maybe you've tried an ice-soaked towel around your neck — but that little bit of evaporative cooling is nothing compared to the long-lasting, total-body comfort of our Personal Cooling System™. It's the best way to stay comfortable — and avoid heat stress — when walking, mowing, gardening, watching sports or concerts…just about any activity, anywhere.

Our wearable invention houses a patented, miniature evaporative-cooling system. Just fill with a few ounces of water, place around your neck and switch it on: A quiet motor drives a tiny fan that creates the evaporative cooling; flexible sides hold aluminum cooling plates against your neck — and your entire body enjoys up to four hours of relief. Features two settings: LO helps you feel significantly cooler than the hot, dry air around you; switch to HI for extra comfort on the hottest days. What's more, the fan inside adds even more cooling by directing a gentle breeze over the back of your neck.

It's trim and lightweight: the sleek body weighs just 10 oz. empty; 14 oz. filled. Runs on one AA battery (order separately). One-year warranty. *Select silver or cobalt blue.* Created by Sharper Image Design.

## Introducing AIBO ERS-210 — Sony's Second Generation autonomous robot companion!

AIBO is a totally new kind of robot — it develops its own personality — different from any other AIBO in the world. It features a built-in stereo microphone, voice-recognition technology and speaker. This four-legged robot has 20 motorized joints that make its movements amazingly realistic. With time and encouragement AIBO can learn about 50 verbal commands. It has four senses and expresses a full range of real emotions, too. The AIBO ERS-210 comes with $90 worth of software called "AIBO Life" that allows it to learn from its environment and human interaction, and to mature from infant to adult. AIBO has a strong desire to perform, to play with people and to move about. It's a true companion!

## Official U.S.A.F. Stealth Pilot Watch with tritium gas illumination.

The Stealth's low-observable technology is so advanced as to be other-worldly. The U.S. Air Force's elite corps of F-117 Stealth fighter pilots recently commissioned this Official Watch, licensed through Lockheed-Martin Corp. It incorporates Luminox's exclusive self-illuminating tritium gas dial, with hands and hour markers that glow brightly for up to 25 years, even in absolute blackness — with no need for any external light source or power. The entire watch — case, screw-down back, screw-in crown, bezel and bracelet — is crafted of stainless steel that's been shaped and PVD (Physical Vapor Deposition) plated black to evoke the exotic look and feel of a Stealth aircraft. Features a multi-jewel Swiss quartz movement, 43 mm case, a highly scratch-resistant sapphire glass crystal with double anti-reflective coating, ratcheting second time zone bezel, 200-meter water resistance, and extender for wearing over a flight suit. Ten-year lithium battery included. One-year warranty on movement; 10 years on illumination.

*Tritium gas dial.*

## Stage thrilling aerobatic stunts with our ready-to-fly Triplane Airshow Kite.

Designed for seasoned aviators and beginning barnstormers alike, this self-launching show kite is ready to conquer the skies with a crowd-pleasing display of thrilling aerial maneuvers. The Ultimate Control™ Handle Winder with Line Stopper puts 300 feet of cord at your fingertips, allowing you to direct your aircraft through a series of raging hammerhead dives, spine-tingling somersaults and heart-stopping stalls. Add to the electrifying aerobatics by attaching 20-foot Wing Streamer™ multi-tails or a screaming Tornado Spinner™ — or simply rely on the triplane's majestic five-foot wing span to glide along the thermals. Constructed of resilient ripstop nylon with exclusive molded v-strut connectors, the triplane flies at wind speeds ranging from 5–20 mph, and is virtually crashproof. 90-day warranty.

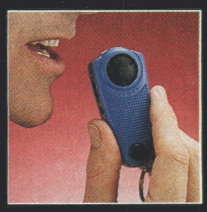
## Zytool® multitool memo recorder with Zytel™ handle, blue LED light, timer and trio of pocket screwdrivers.

Inspired by the nifty key-holders of the best new luxury vehicles, Zytool® is Sharper Image Design's well-crafted multitool, multifunction device that is amazingly useful for everything from tightening eyeglass frames to recording verbal memos. Its handle is made of space-age Zytel™ — Dupont's® innovative impact-resistant nylon polymer. Push the button and three stainless-steel screwdrivers flip open with a perceptible "thump." Tools include a Phillips screwdriver; a tiny screwdriver for eyeglass frames with an inch and metric measure; and a flat-head screwdriver with file. Choose one blade and press the others back into the handle.



*Record 20-second memos.*

*Handy eyeglass screwdriver.*

Zytool is also an excellent digital voice recorder with 20-second memory — ideal for noting your car's parking location or an elusive address. The blue LED mini light illuminates dark keyholes, theater programs or maps. A two-hour countdown timer helps keep you on schedule. Comes with key rings to attach to swivel eyelet. Handle measures 3½" long. Weighs 3½ oz. Recorder and light are powered by 2 CR2032 lithium batteries (4 included). *Select blue, yellow, black or red.* One-year warranty. Created by Sharper Image Design.

# Ballistic nylon carriers with flexible-frame interior armor and patented pull-handle protection.

Our 1,680-denier ballistic nylon carriers are engineered with a resilient, flexible, honeycombed interior armor to stand up to crushing impact. Moveasy® Memory Frame™ panels and patented Moveasy® HPS™ Handle Protection System safeguard both your belongings *and* the telescoping pull-handle. Where ordinary handles would break, ours will bend and spring back, good as new!

Super-tough 1,680-denier, double-ply ballistic nylon resists tearing, abrasion and punctures; polyurethane piping protects high-wear areas. Genuine leather wraps the handles, ID tag and key-lock. The bags glide smoothly on 70 mm ball-bearing wheels. The larger 24" and 28" carriers double as luggage carts, too — easily hauling extra bags on a retractable platform. Each rolling carrier has three large exterior pockets and generous main compartment with mesh pouch. The Overnighter Carry-On Bag easily meets airlines' restrictions. One-year warranty.

# Luxurious "Ultimate" Get-A-Way® Chair with Ottoman features Shiatsu kneading plus soothing, vibrating massage.

Our "Ultimate" Quad Roller Get-A-Way® Chair & Ottoman incorporates everything we've learned about making our original massage chair — the "world's most relaxing destination" — even more comfortable, versatile, attractive and luxurious. This exclusive model has soft, supportive cushioning all around, including wide, padded armrests, and it's shaped to fit like a mitt — a versatile "favorite chair" with the unsurpassed luxury of two kinds of back massage: Shiatsu and vibrating.

Use the wired remote to tailor your escape: Shiatsu style uses four interior rollers, with your choice of three widths and speeds, to simulate a skilled masseur working the length of your spine — combining deep kneading to relax muscles; percussive tapping to stimulate circulation; and smooth rolling motions to ease tension. Focus on your shoulders, back or lower back — or choose the all-in-one program. For the first time, you can enjoy soothing *vibrating* back massage, too — with or without Shiatsu. Visit our Web site for an interactive demonstration.

*Deep kneading*

*Percussive tapping*

*Smooth rolling*

Press a switch and the recliner powers back automatically. Chair and ottoman are covered in a soft, easy-care upholstery that looks and feels like leather. Plug into any outlet. Chair measures 27" x 31" x 46"; ottoman is 18" x 27" x 19" (ottoman has no massage features). Comes with a 30-day return privilege. One-year in-home service and labor warranties and three-year parts warranties. *Shipping is FREE this month for curbside delivery! Or pay $124.95 for Royal Service, which includes delivery appointment, in-home set-up and removal of packing materials. Select black or green upholstery.*

## Steam away the toughest stains.

Tired of living with embarrassing stains on your carpets and upholstery — pet accidents, wine spills, tracked-in grime? Frustrated by "phantom" stains that just won't go away? You can easily remove even the toughest, years-old stains with our exclusive Steam Wizard® — the only compact, handheld device with the professional, deep-cleaning power of real steam. Stubborn stains simply dissolve under its concentrated blasts of steam, then the strong built-in 110v wet/dry vacuum draws all the moisture and dirt away. Measures 20" x 4¼" x 6½". 20-foot cord. A Sharper Image exclusive.

**Steam Wizard®**
**Turbo Steamer & West/Dry Vacuum**

*Use as a handy portable wet/dry vacuum for quick cleanups.*

*Insert the squeegee nozzle for vacuuming up liquids from floors.*

## Next-generation 8-lb. Oreck XL® is 50% more powerful, quieter and traps more dirt. Plus, you get Oreck's 4-lb. Compact Vacuum free!

The 8-lb. Hypoallergenic Helping Hand® Oreck XL® commercial-duty vacuum features brushes that whirl at 6,500 rpm — about 50% more powerful, yet three decibels quieter, than previous Oreck models. Its top-fill design gives it twice the capacity of most bottom-fill bags. Bags click into place and have a self-closing trapping system that keeps the dirt inside. Softer wheels protect wood floors and a 360° bumper won't mar walls or furniture. So lightweight it glides with a touch. Ergonomic handle helps to reduce strain on tendons and joints.

As a free bonus, you'll get Oreck's 4-lb. Compact — a $139 value — with the same cleaning power as most heavy-duty canister vacuums. Both vacuums use Oreck's Celoc® Hypoallergenic Filtration System to trap 99.7% of microscopic irritants. Each comes with three bags. Package of eight bags (OG925, $16.95). Each has a 10-year warranty on the case and a three-year warranty on the motor.

## Ionic Breeze® Cat Litter Box reduces odors and recirculates freshened air.

Even with constant cleaning, and regular use of odor-fighting sprays and litter, it's almost impossible to keep a cat's litter box smelling fresh. And your cat doesn't like it any better than you do! That's why we invented the Ionic Breeze® Cat Litter Box, the silent air purifier designed to greatly reduce unpleasant pet odors. Patented Zenion Effect™ solid-state technology electronically circulates the air inside the box — with no moving parts. Air is passed through an electrostatically charged tube that traps airborne particulates such as pet dander. Before circulating the air back into the room, unpleasant smells are reduced with a safe amount of freshening, odor-fighting ozone. Because it's silent and runs for just pennies, it can operate 24 hours a day — and there are no filters to buy!

To clean, just lift the hinged top and rinse the collection tube clean or wipe with a damp cloth. Comes with a scoop and eight box liners. Extra liners available (SI930, $9.95 for 24). Measures 19" x 21" x 16" and weighs 6 lbs. (without litter). AC adapter included. Plugs into wall outlet. One-year warranty. Created by Sharper Image Design.

INVENTED HERE.

**Ionic Breeze® Cat Litter Box**
SI589 **$69.95**

## Love your dog? But not that doggie smell? Now you can brush away pet odors in minutes!

Why let unpleasant odors get in the way of canine companionship? Just five minutes stroking with the Ionic Bath™ Pet Brush is like shampooing your dog without water. Imagine how much more pleasant-smelling your home will be when the family's favorite member can benefit from a daily "bath" like everyone else! How does it work? Patented electronics generate odor-reducing ozone that flows through the brush plate. Firm but flexible bristles comb away tangles, dander and debris, and condition the coat to a healthy luster. Includes interchangeable brush plates — one regular and one for longer coats. To clean, simply rinse with water. Runs up to six months on one 9v battery (order separately). Five-minute auto shutoff. One-year warranty. Created by Sharper Image Design.

*Cats benefit, too!*

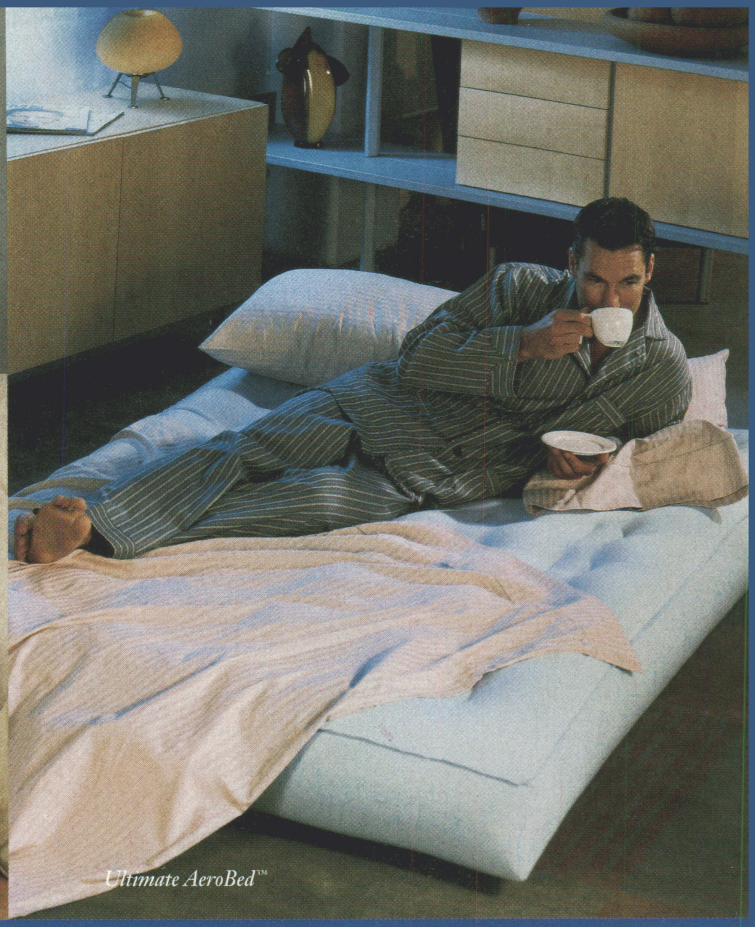
*Raised AeroBed™*



*Ultimate AeroBed™*

# Aero® inflatable beds are the best beds!

Why relegate guests to a lumpy cot or sofa bed? Instead, inflate an AeroBed™ and create supremely comfortable sleeping accommodations in one minute (for the "Ultimate" models) or in just three minutes (for the new *Raised* AeroBed). The patented, built-in Aero® electric pump works automatically and makes inflation quick and effortless.

Custom "One Touch" comfort-control allows users to fine-tune the inflation — while lying in bed! — to exactly the level of support desired…from cushy soft to nicely firm. This personalized comfort means AeroBed feels more luxurious than the most expensive conventional mattress. Guests sleep soundly and wake up free of their usual morning aches and stiffness.

Each AeroBed model accommodates standard fitted sheets. Each deflates quickly and rolls up into an included duffel for convenient portability and storage.

## New *Raised* AeroBed™ inflates in three minutes to a civilized height of 26 inches!

Offers guests the superior custom comfort of the original AeroBed™ but with the added convenience of conventional height. Inflates quickly and automatically to a civilized height of 26 inches, like a regular bed. Stability bars on each side allow for optimal security. Made of non-allergenic, heavy-duty PVC vinyl. Twin and Full models support 450 lbs.; Queen supports 600 lbs. Comes with mattress pad and dust ruffle. Inflates in three minutes; deflates in 60 seconds. Plugs into grounded outlet with 14-ft. cord. One-year warranty.

*Raised* AeroBed™ *(Catalog and Internet only)*

AD566 Twin **$199.95** AD567 Full **$249.95**
AD568 Queen **$299.95**

## "Ultimate" AeroBed™ with cool cotton sleep surface.

Features a breathable, all-cotton sleep surface that's smooth and seamless, plus advanced construction that supports up to 650 lbs. without sagging. Cotton surface is laminated to heavy-gauge vinyl. Automatically inflates in 60 seconds; deflates in 15-45 seconds. Plugs into grounded outlet. One-year warranty.

## Space-saving stereo.

Our exclusive stereo is so sleek and slim — a mere three inches deep — that you can hang it on a wall for the ultimate in space saving. Enjoy rich stereo sound from a system that takes up no more room than a mirror or a poster. You don't need an extra piece of furniture — just some nails!

Although the design is ultra compact, we don't skimp on the features: a vertical CD player; cassette player/recorder; digital AM/FM stereo tuner with 10 AM and 20 FM presets; remote control for CD, radio volume and power; SURE-WAKE™ alarm-clock system for radio or CD; large backlit LCD; detachable two-way speakers; headphone jack; and electronic sound equalizer for jazz, rock, pop and classical. It even comes with interchangeable black and blue cloth speaker grills. Wall-mount brackets included. Measures 19" x 14" x 3" deep. Weighs only 12 lbs. Plugs into wall with included adapter or runs on 8 C batteries (order separately); remote uses 2 AA batteries (order separately). 90-day parts and labor warranties.

**Slim Profile Stereo with CD, Cassette and AM/FM Digital Tuner**

SA246 **$199.95**

## Enjoy an enchanting night-light with an ever-changing spectrum of color.

With the Color Flow™ Light Show night-light, you'll delight in an ever-changing spectrum of beautiful color from three LED lights — blue, red and green — using blending technology that slowly melts and mixes hues. What's more, you never need to change a bulb or a lens.

See colors click on sharperimage.com

Leave Color Flow™ Light Show running in a darkened room and enjoy the jewel-like spectrum of rose, red, pink, aqua, teal, blue and violet. If a certain mix strikes your fancy, press the Lock Color button to enjoy it as long as you like. Plugs into standard outlet. Measures 4" x 3" x 1". *Rinsing pool "fins."*

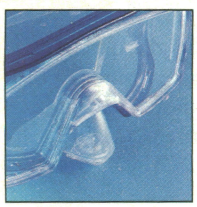
## Tri-view mask and dry-top purge snorkel for more comfortable snorkeling.

Next time you go snorkeling, keep your mind on the fish instead of your equipment by wearing this high-tech mask and snorkel. The tri-view mask — with shatter-resistant 4 mm tempered glass lens for enhanced clarity — has additional panels on each side to improve peripheral vision. Push a button to easily adjust for a comfortable, secure fit; the soft silicone facial skirt prevents leaks without feeling tight. A purge valve quickly clears water with the mask in place.

*Angled breathing tube.*



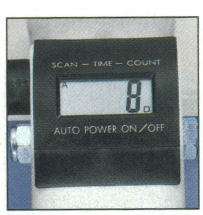
*Soft silicone seal.*

The snorkel features dry-top technology that keeps water from entering by redirecting it safely out the sides; the angled breathing tube keeps the snorkel's top in the correct position relative to the water's surface. The integrated purge valve allows you to quickly clear the snorkel after below-surface dives. To prevent mouth fatigue, the hypoallergenic silicone mouthpiece rotates for comfortable positioning. Includes carry bag. 90-day warranty.

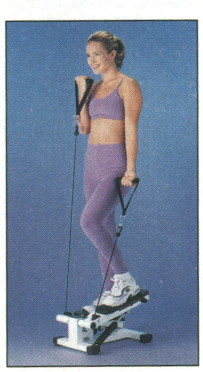
Tri-View Mask with Dry-Top Purge Snorkel
AL051 **$49.95**

## Compact stepper with upper-body workout stows anywhere.

Enjoy a complete at-home workout — upper and lower body — with a quality machine that takes up less than two square feet and can slide under a bed. Combines an effective stair-climbing workout with toning and strengthening exercises for your arms and chest — all in a portable machine that's distinctly low profile and hides away anywhere. Extra-wide footpads have a 14-inch range of motion to help you quickly reach your aerobic "target zone." Automatically tracks elapsed time and steps taken and displays them on LCD readout. Use the two elastic resistance cords to tone your arms and chest. Attach the single handles for individual arm curls or use the long bar to work both arms simultaneously. Choose one of three resistance levels.



*Tracks time and steps.*



*Elastic resistance cords tone arms and chest.*

Rugged, powder-coated steel frame has a wide, stable, non-slip base. Weight limit is 200 lbs. Measures 18" x 13½" x 10" and weighs 25 lbs. LCD runs on 1 AG13 battery (included). One-year warranty.

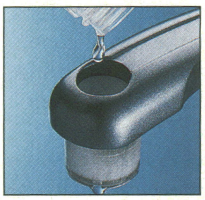
## Discreet, portable, *wearable* air purifier and humidifier lets you breathe cleaner, fresher air — wherever you go!

With our Ionic Breeze® Personal Air Purifier, you can easily create your own "personal comfort zone" and breathe cleaner, fresher air in any environment — at home, at work, when traveling...wherever fresh, clean air is in short supply. Although it looks like a small binocular when worn around the neck, electrostatically — charged rings help to remove airborne irritants. It's a personal humidifier, too — just add water! Runs for about 40 continuous hours on 4 AA batteries (order separately). Measures 4½" x 3¼" x 1½" and weighs a mere 7 oz., even with batteries. Adjustable nylon strap. One-year warranty. *Select dark or light gray finish.* Created by Sharper Image Design.



*Add a few drops of water to humidify the air you breathe.*

*Discreet case looks like a binocular.*

SI636 **$59.95**

## Rid your home of annoying flying insects without electric zaps or noxious poisons.

Now you can get rid of all kinds of unwanted flying-insect guests in your home. Insector, The Bug Collector™ has an attractive (to bugs) blue light to lure flying insects toward a fan that blows them into an inescapable trap in its base, where they perish naturally. Clean-up is easy — just unscrew the base and empty the trap. Comes with a bright "white" blue light, for well-lit rooms; and a darker "black" blue light, for darkened rooms. Extra bulb available (SI918, $9.95). 12½" tall and 8¼" across. Plugs into outlet. One-year warranty. Created by Sharper Image Design.

# Tall, remote-controlled fan cools with a refreshing natural breeze.

This tall, remote-controlled fan quietly and efficiently cools every corner of a very large room. The vertical spinning drum has over 100 tiny blades that create a powerful, sweeping breeze with minimal noise or vibration. Choose from three "Regular" speed settings, or an alternating-speed mode that simulates the ebb and flow of a spring breeze. The auto shut-off can be set from 30 minutes to 7½ hours. A unique "Sleep" setting intersperses varying fan speeds with longer periods of stillness to gently coax you to sleep.

*Remote control is stored conveniently in top of fan.*

Fan can be stationary or can oscillate through 70°. The wide-sweeping breeze blows from 16 to 37 inches above floor height to efficiently cool every corner of a room (including those with high ceilings). All functions are shown on a cool blue LED display, and can be controlled via the streamlined keypad or compact wireless infrared remote (which is conveniently stored in the top of the fan). The unit measures 40" tall, occupies less than a square foot, and weighs just over 14 lbs. The fan itself plugs into a standard wall outlet; remote uses two AAA batteries (order separately). 90-day warranty. *Reserve now. Initial shipments arrive mid-April.*

Deluxe Spire™ Fan with Wireless Remote
SM468 **$129.95**

## Spire Fan cools an entire room.

Dozens of tiny fan blades on a vertical, bearing-supported drum create a cooling breeze nearly 18" high — with practically no noise or vibration. Its quiet effectiveness and automatic shutoff timer make it ideal for the bedroom. Fan can be stationary or oscillate through 60°. Takes up less than a square foot. Easy-access controls feature low, medium or high fan speeds. Stands 29" tall and weighs 10 lbs. Plug in anywhere; thrifty motor uses less energy than a 50-watt bulb. 90-day warranty.

Spire Fan
FS950 **$89.95**

# Look what's splashed down in the pool!

Enjoy out-of-this-world fun in the pool or on the lawn. New, inflatable Space Capsule pool float has three big portholes and a floor hatch for quick underwater escapes. It's six feet tall and the base is six feet wide — big enough for three adults or six kids. On windy days, anchor it using the durable grabline under the floor. Constructed of heavy-duty PVC with electronically welded seams. Large handles inside and out offer convenient handholds. Features detailed control panels and colorful new graphics. 90-day warranty.

## Stage epic squirt-gun sea duels on the Defender paddle-wheel battle-float.

Our new paddle-wheel pool float is a personal, pedal-powered, inflatable gunboat — armed with two squirt guns and an endless supply of watery ammunition. Each squirt gun has a long tube that draws upon all the water needed to stage epic sea duels for hours of exciting competition. Upgraded model features dual outrigger paddle wheels, and two sure-grip pedals, for optimal balance and speed. Stable, chair-like float accommodates users up to 180 lbs. Removable backrest can be adjusted for added comfort. Made of heavy-duty PVC. Measures 57" x 32" and weighs 8 lbs. 90-day warranty

Defender Paddle-Wheel Float with Two Squirt Guns

YV211 **$59.95**

## Inflatable floating cooler.

Excellent! This floating ice chest means there's one less reason to get out of the pool! It inflates in minutes and holds 16 quarts of ice, drinks and snacks. Attach a rope line to the grommet and anchor the cooler to your lounge, boat, anything. Air insulation and zippered lid keep things cold — and handy — for hours. Wide, stable, 25-inch base prevents tipping. 90-day warranty.

Floating Pool Cooler

OP050 **$24.95**

## Connectable pool floats are great for on-the-water socializing.

*Float separately, too.*

These two pool loungers connect to each other and are perfect for relaxing together while floating in the warm sun. One float has a built-in ice bucket and holders for two drinks. Each has a built-in head and back support that offers superior comfort. Made of heavy-gauge PVC, with electronically welded seams, it's resistant to damage from UV, chlorine and salt. These extra-long floats measure 79" x 65" when linked. Unlink the floats to lounge individually. 90-day warranty.

## Ionic Breeze® *Quadra*™ Silent Air Purifier.

*By Richard Thalheimer*

Of all the products we've ever made, the Ionic Breeze® *Quadra*™ delights me the most. It's an air cleaner of outstanding quality and graceful design. It has no filters to replace. It's powered by about 10 watts. It reduces common odors. And best of all, it's totally silent!

Now, when you purchase one *Quadra* at the regular price, you can buy a second *Quadra* for 50 percent off. This is a great opportunity to enjoy cleaner, fresher air in every room in your home — where your family sleeps, eats, listens to music, watches videos…and wherever you like to enjoy peace and quiet. Please turn to page 4 for more details.
